Place Value Printable and Pirate Addition Pack

Place Value Beads
 This packet was made by Lind at homeschoolden.com
 On the following two pages are bead cards.
 Print page 2 on one sheet of paper. Laminate. Cut out the 9 hundred squares and 9 tens. Cut one ten card into single beads.
 Thousands Beads: Print at least two copies of page 3 on one sheet of paper. Laminate. Cut the square bead cards and keep the ink stuck. It will be on top of one another. Place a bead through the top piece to create a 1,000 bead enough for the children. Or print out 10 copies of page 3 to make 4 thousand packs. (If you have bead numbers higher than 4,000 but you have not got the idea!)
 Here are other bead numbers using the bead cards. There are number cards on pages 5, 6 and 7.
