

HERE COMES THE SUN by The Beatles

The Beatles fue una banda de pop/rock inglesa activa durante la década de 1960, y reconocida como la más exitosa comercialmente y críticamente aclamada en la historia de la música popular. Formada en Liverpool, estuvo constituida desde 1962 por John Lennon, Paul McCartney, George Harrison y Ringo Starr. Enraizada en el skiffle y el rock and roll de los años 1950, la banda trabajó más tarde con distintos géneros musicales, que iban desde las baladas pop hasta el rock psicodélico, incorporando a menudo elementos clásicos, entre otros, de forma innovadora en sus canciones. La naturaleza de su enorme popularidad, que había emergido primeramente con la moda de la «Beatlemania», se transformó al tiempo que sus composiciones se volvieron más sofisticadas. Llegaron a ser percibidos como la encarnación de los ideales progresistas, extendiendo su influencia en las revoluciones sociales y culturales de la década de 1960.

Translation into Spanish:

Aquí viene el sol, aquí viene el sol.
y yo digo, ¡qué bien!
Corazoncito, ha sido un invierno frío y largo.
Corazoncito, parece que han sido años desde que estuvo aquí
Aquí viene el sol, aquí viene el sol
y yo digo, ¡qué bien!
Corazoncito, las sonrisas vuelven a los rostros.
Corazoncito, parece que han sido años desde que estuvo aquí.
Aquí viene el sol, aquí viene el sol
y yo digo, ¡qué bien!
Sol, sol, sol, aquí viene
Sol, sol, sol, aquí viene
Sol, sol, sol, aquí viene
Sol, sol, sol, aquí viene
Sol, sol, sol, aquí viene
Corazoncito, siento que el hielo se derrite lentamente.
Corazoncito, parece que han sido años desde que estuvo claro
Aquí viene el sol, aquí viene el sol
y yo digo, ¡qué bien!
Aquí viene el sol, aquí viene el sol
y yo digo, ¡qué bien!
