

ACROSTIC POEMS BY STUDENTS

*Be confident
And
Do fast
Movements
In the court.
Never give up because you have to
Try new things and you have to be
Optimist and always be a
Noble person*

*Hungry
And
Many things to eat
But I can't
Understand why I only have a
Rubber in my fridge
Go to the supermarket
Under the bridge!!!
Everything is too expensive: the
Rubber could be delicious*

*Sandwich with ham
And cheese, with
Natural tomatoes,
Delicious tomatoes. . .
Wait. . .
I don't like tomatoes,
Choose another thing.
How can I do it?*

*Can I go to the toilet?
Learn many things.
All days here. . .
Sometimes subjects can be difficult,
Sooooo difficult!*

*Red is my favourite colour,
Apple green too!!
Imagine all the colours:
Night has not got a Rainbow,
Blue is the color of the sky.
Outside the yellow sun shines,
What are you waiting for?*

*Behind the shades,
Every moment with you is
Amazing.
Used to think about
True feelings.
Imagine!
Free is my heart
Until I die,
Love is in the air!*

*Respect each other,
And mind the
Value someone else gives to their ideas.
Everyone feels emptiness, even though
No one deserves it, not even the worst
Criminal. We should teach kids how to respect,
Love and be sensitive and sensible; especially because
A person without culture, from my point of view, is a non-completed person.
Witness beyond measure is a man's greatest treasure*

*Creamy and
Hot or cold, make you
Obsessed with love.
Chocolate, chocolate,
Only you make me
Laugh on
A rainy day.
Tasting you makes me feel
Extraordinary*
