

MY FAMILY

This is our family. We are from Beijing but we live in Singapore. My name is Chen and my husband's name is Bo. We are currently living with our children and my parents. My daughter and son are twins and they're 4 years old. They love spending their time and playing together. Bo and I usually travel a lot due to our jobs so my parents

stay with the kids most of the time. They always get up very early in the morning and they often do jogging to keep healthy. Moreover, they love reading and share this hobby with the twins. Bo and I work as brokers for a big international bank. However, when we're at home we try to spend quality time with the family. It's a priority for us! We love eating out and we usually try new and exotic places every Friday night. My parents are significant members in the family. They're supportive, lovely and kind. My mother is wearing a blue t-shirt and white trousers. My father is wearing a light green shirt and jeans. In this photo, we're having a great time after a long day in the museum and park. When we lived in Beijing, we didn't use to go out very often but we have change our habits now and we enjoy our very little time together as much as we can.
