

Portugal!!!

THE BALLOON GLOBE

Organization: Each player thinks of the name of a country. The players take turns hitting an inflated balloon. When they hit the balloon they say the name of the country. After the player hits the balloon he/she lies down on the mat face-down next to the previous player .

Challenge: The balloon must not touch the ground. If the balloon touches the ground the players have to start again. The last player to hit the balloon rolls over the line of students on the mat.

FRIENDLY MUSICAL CHAIRS

Organization: Make a circle of chairs with the chair backs facing inward. The circle has three chairs less than the number of players. When the music plays everyone dances around the circle in the same direction.

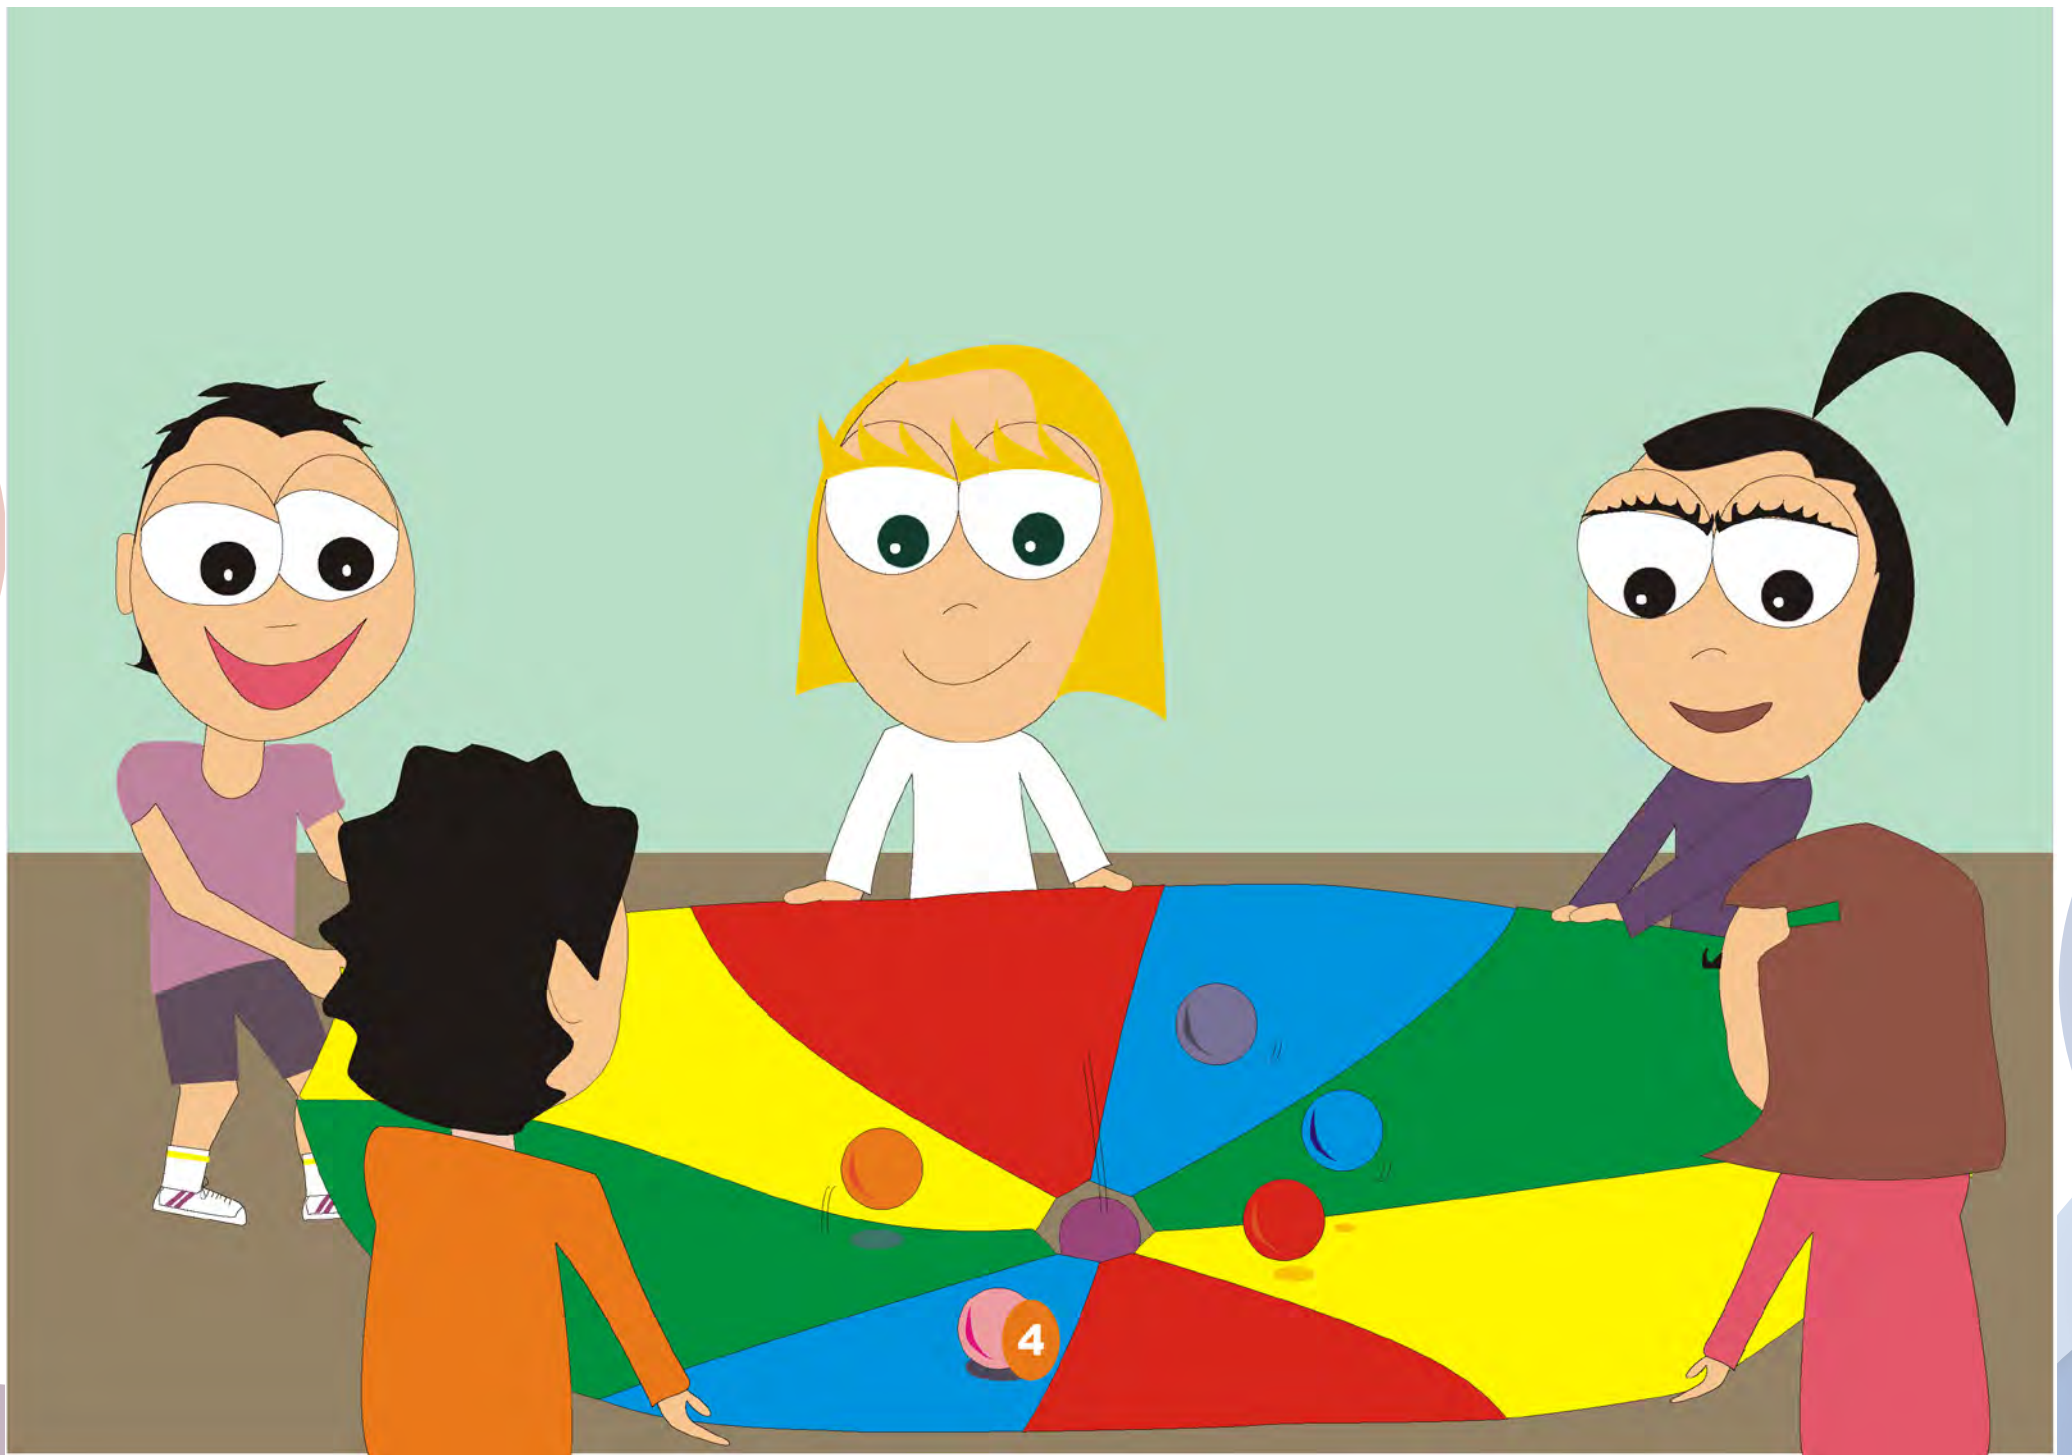

Challenge: When the music stops no player should be touching the ground with any part of his/her body. If all of the players are in a chair not touching the ground, the teacher removes three more chairs. How many players can be in the same chair? This game can also be played with hoops. When the music stops everyone must be in a hoop.

PLAYFUL FEET

Organization: Everyone takes off his/her shoes and sits in a big circle.

Challenge: Players pass the ball with their feet. The ball must not touch the ground.

PARACHUTE GOLF

Organization: Each player takes hold of the parachute in different places. Six balls are placed on the parachute.

Challenge: The players try to pass the balls through the hole in the center of the parachute in the least amount of time possible.

DOUBLE KNOT

Organization: The class holds hands and tries to make a big knot. One student stays out and looks away.

Challenge: When the class has made a knot, the other student tries to untangle the class. However, the students must hold hands at all times.
