

GUESS THE BIOMOLECULE

For next season, there will be the following pieces of food. In order, from the first one to the last one, you have to get the serie of letters, associating one letter to each photo guessing the biomolecule more abundant in each food. With the right serie, you will have to open the lock.

- H CARBOHYDRATES
- R LIPIDS
- R PROTEINS
- Y MINERAL SALTS
- A WATER
